Sending Service Installer

Summary:

Please be informed that a new tool is available to manage your Sending Service.

You can download this tool from the following links:

<https://www.e-file.lu/WSEfileFlex/messagebroker/assistantSD?cdLangIso=EN> (English version)

<https://www.e-file.lu/WSEfileFlex/messagebroker/assistantSD?cdLangIso=FR> (French version)

Sending Service Installer improvements:

A user interface is now available to allow you to:

- Install a new Sending Service
- Configure an existing Sending Service
- Update an existing Sending Service

You will find on our wiki the documentation on how to use the Sending Service Installer: https://www.e-file.lu/wiki/index.php/Sending_Service#Sending_Service_Installer

We remain at your disposal should you need further information.
