### Summary

#### Finesti Whitelabeling becomes Fundsquare Whitelabeling

As informed in a previous communication dated 21th March 2014, we plan to entirely migrate our Whitelabeling solution from [www.finesti.com](http://www.finesti.com) to the Fundsquare Domain name [wl.fundsquare.net](http://wl.fundsquare.net).

This migration is scheduled for **25<sup>th</sup> July**.

No action is required if you have already migrated to the new domain name otherwise **we encourage you to start the migration before the end of the migration.**

#### XML-Whitelabeling

This migration has the following impact:

- Due to the Domain name changes the new certificate for this domain name has to be validated at client level.
- The XML result will contain [wl.fundsquare.net](http://wl.fundsquare.net) instead of [www.finesti.com](http://www.finesti.com), so the file download will be from [wl.fundsquare.net](http://wl.fundsquare.net).

We advise you to check the authorization for the access and download on this new domain name on your side.

#### HTML-Whitelabeling

Currently you can still call the [www.finesti.com](http://www.finesti.com) pages but the call is simply redirected to [wl.fundsquare.net](http://wl.fundsquare.net).

Once the migration is complete **on 25<sup>th</sup> July**, the old domain name will not be available anymore and you will have to directly use the new domain.

You will have to update the base url in the url generation script.

Should the migration date of 25th July 2014 cause operational constraints, please contact us at the below indicated contact details.

Should you require any further information, please do not hesitate to contact us.

Kind regards,
