Migration of the e-file Administration module to e-file V2

Dear e-file administrator,

As already announced a couple of weeks ago, we are pleased to announce you have now access to the new **e-file V2 administrator module on the Live / Production environment.**

You can access it via the link: https://www.e-file.lu/ with your e-file **administrator login**.

<u>Very important</u>: as an e-file administrator you can only manage the modules, users and your Luxtrust certificates.

Please be informed that you can find detailed information on the new e-file **Administration module** in our

User Guide **E-file Administration** => https://www.e-file.lu/wiki/index.php/E-file_Administration

The CSO Desk remains at your disposal should you have any question.

Best regards,
