Update of AnaCredit reporting

Date: 19/04/2018

Dear client,

The BCL has informed us that the new template BCL_ANCRDT_T1_REF_v1_0_1.xsd is available on their website. This version has to be used in the live environment, version BCL_ANCRDT_T1_REF_v1_0.xsd will not be accepted.

In order to be able to send this new version with the Sending Service, the latter has to be updated to version 4.5.6.

In order to be able to send this version with the Transmission Module via e-file, the latest version (6.0.8) has to be used. This version has already been rolled out, but we kindly suggest to check the version within the Transmission Module on the top of the window.

If you have any questions or need further guidance, please do not hesitate to contact us.

Kind regards,
