Info Flash – e-file modules updates

Date: 24/08/2020

Dear client,

As already announced, we have been working hardly in order to provide you with new e-file modules using REACT technology (more details: https://en.wikipedia.org/wiki/React_(web_framework)).

In this context, we are happy to share with you that on the **27/08/2020** you will be granted access to the redesigned following modules:

Document Library module replacing the existing Document Management module (more details: https://www.e-file.lu/wiki/index.php/Document_Library_Migration)

-
- Forms:
    o S2.18
    o S2.19
    o S4.03
    o TPTASS

These new modules feature our refreshed and harmonized user-interface, which improves the e-file user experience, while keeping the existing essential functionalities.

We invite you to make us of the new modules and share with us any potential difficulty in their usage.

The access to the old version of the modules will be maintained in parallel **temporary** for a period of 2 months.

As a reminder, the following modules have already been deployed in production:

- Registration and Distribution Matrix
- E-file Forms – Report generation
- Static Data Management
- Transmission follow up module

For more information about this new modules, please feel free to revert to your main contact at Fundsquare.
