EMIR reporting- change in the naming convention

The CSSF kindly asks us to help them to inform the market about a typo that appeared in the CSSF Circular 12/09/2017. The correct naming convention to be used reads:

ESPREP-Bxxxx-2017-12-EMI (without the "R")

and not: ESPREP-Bxxxx-2017-12-EMIR

If you have sent reports with 'ESPREP-Bxxxx-2017-12-EMIR' naming convention, your reports have not been acknowledged and no technical feedbacks have been provided by the CSSF. The CSSF kindly asks you to resubmit your reports with the correct naming convention.

Should you have any further question please contact the CSSF: emir_fcp_ige@cssf.lu
