E-file light : New Release of Dashboard and Notification

Summary :

A new release of the "Dashboard" and "Notification" applications will be delivered in our production and homologation (tests) environments on **Friday, July 26th from 7:00AM to 8:00AM**. We foresee no service interruption.

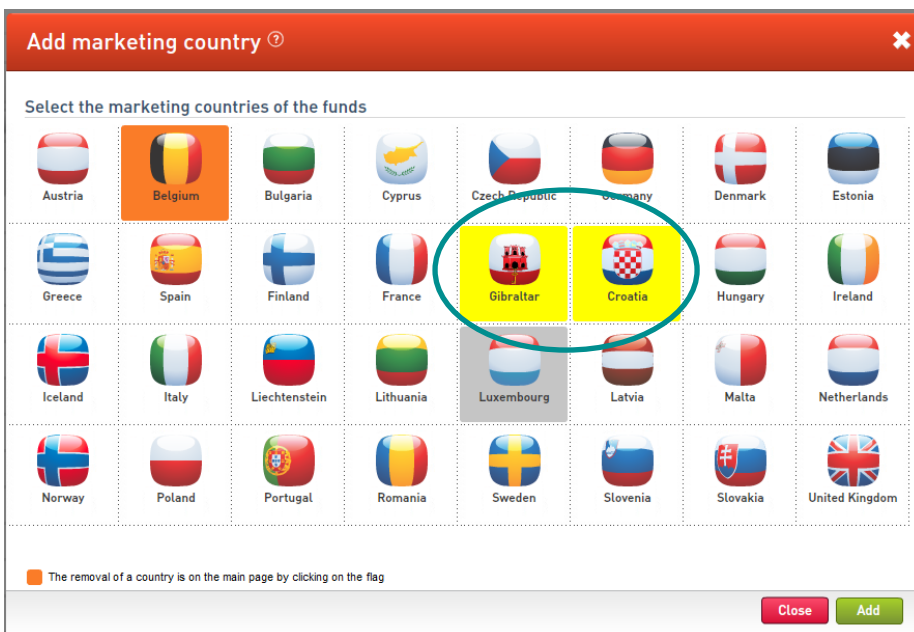

This procedure involves the delivery of new features and bug fixes.

Please refer to the description below.

For your information, the software release version indicated at the bottom left of the e-file light homepage should be v1.5.6 (see this article in our [Wiki](#)).

Notification :

The UCITS IV notification application will also manage the marketing to **Croatia** and **Gibraltar**.

The content of the "My recent in progress" list has been amended in order to display only those where the procedure has actually been started.

Dashboard :

The screenshot shows the 'e-file.lu' dashboard. At the top, there's a navigation bar with 'Dashboard Group: -' and links for 'Help', 'Contact', and 'Back to home'. Below this is a 'DASHBOARD' header. A progress bar indicates two steps: '01 | Select a report' and '02 | Report consultation'. The main content area shows 'Selected report : Country/Language matrix'. Below that is a 'Generate a new report' section with a dropdown menu for 'Owner' set to 'Aberdeen Asset Management PLC' and a 'Generate a new report' button. A note states 'The parameters with (*) are mandatory'. Underneath is an 'Archives' section with a table of reports. A dropdown menu is open over the table, showing options: 'By user' (Last 10 reports, All reports in error, All) and 'By tiers' (Last 10 reports, All reports in error, All). Two callout boxes point to the table: 'User Reports' points to the 'By user' section, and 'Reports from all users' points to the 'By tiers' section. The table has columns for 'User', 'Parameters', and 'Action' (Refresh, View).

	User	Parameters	Action
	REPORTING User	Owner : Aviva Investors Fxembro Ltd	Refresh View
	REPORTING User		Refresh View
	REPORTING User		Refresh View
	REPORTING User	Owner : Aberdeen Asset Management PLC	Refresh View
	REPORTING User	Owner : Aberdeen Asset Management PLC	Refresh View
05/07/2013 10:10:30	REPORTING User	Owner : Aberdeen Asset Management PLC	Refresh View
05/07/2013 10:08:18	REPORTING User	Owner : Aberdeen Asset Management PLC	Refresh View
05/07/2013 09:51:40	REPORTING User	Owner : AMM Downing Investment Management LLC	Refresh View

The drop-down list at the top of the table allows to select the reports generated by the user himself or those generated by the other users of the entity. In both cases, it is possible to choose the list of the last 10 reports, those who fell into error or all reports.

It is now also possible to trigger the generation of multiple reports simultaneously.

Should you require any further information, please do not hesitate to contact us.
