Dear Clients and Partners,

We would like to inform you of an upcoming regulatory change regarding the transmission of AnaCrédit reports to the Banque Centrale du Luxembourg (BCL).

What's Changing: In August 2026, a new version of the AnaCrédit report will be introduced in accordance with updated [BCL instructions](#). This new version will apply from the July 2026 reporting period. You will be required to submit your July data in the new format by the deadline of **Friday, 21 August 2026**.

To ensure full compliance with **AnaCrédit V1.0.14**, e-file, (both the **Transmission Module** and the **Sending Service**) will be updated accordingly. This is one of the ways e-file keeps your reporting aligned with evolving regulatory requirements."

Action Required by You

If you are currently using Sending Service V1 (SD v1): A new version will be deployed to your e-file service on **Monday, 3 August 2026**. To ensure continued service, please follow the instructions in section 3.3 on our [knowledge page](#) to complete the update.

If you are using the Transmission Module or Sending Service V2 (SD v2): The updates will be applied automatically – there is no action required by you.
