

## Info Flash

Date : 17/02/2013

### Summary:

A new version of **e-file light** will be delivered into production on Friday, February 21st from 7:00 AM to 9:00 AM (**no service interruption is planned**).

The resulting changes are on display and naming rules.

### New Design for e-file light:

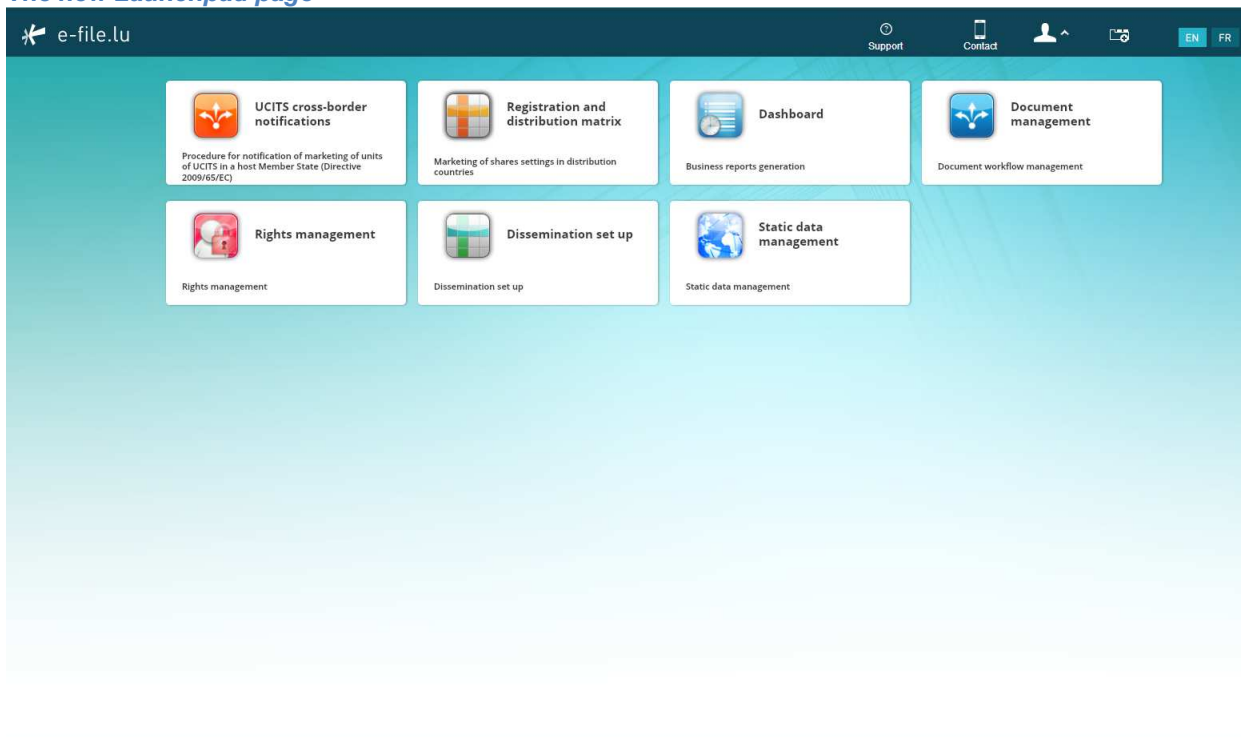

The e-file light tool will use the Fundsquare colors.  
Some icons will change but the behavior stay the same.

### The new home page

The screenshot shows the e-file.lu website interface. At the top, there's a dark blue header with the e-file.lu logo on the left and 'Support', 'Contact', and language buttons (EN, FR) on the right. Below the header is a large teal banner with the text 'Portal for exchange' and a star icon, followed by 'of financial information'. The main content area is white. On the left, it describes e-file.lu as a communication platform and lists links for reporting types, services catalogue, and the Luxembourg Stock Exchange site. On the right, there's a 'Identification' section with login and password fields, a 'Forgot your password?' link, and an 'Access' button. Below that is a 'Contacts' section with team availability information and contact details for technical support and client relationship management. The footer contains the Fundsquare logo, version information (v1.9.5-SNAPSHOT), and the address: 11, avenue de la Porte-Neuve L-2227 Luxembourg BP 165 L-2011 Luxembourg.

DOC OPC and FIS module:

Last year the CSSF has changed the naming convention for some reports you can send via the module *Doc OPC and FIS*. A parallel run with the old and the new naming convention was effective.

This possibility will be blocked. Only the new naming convention will be accepted.  
As reminder you can retrieve the naming convention on page 5 of our manual:
